Great, thanks Dee. We can talk about what those messages are at our 12:30 meeting, and the specific items we want Shaun to raise regardless.

Here is the cleaned up version of the consultation doc (attached).

Subject: Briefing docs for 7.22.15 RA meeting

Hi All,

Here are some draft briefing docs to review in advance of our meeting tomorrow. I updated the FIP-related Consultation briefing document, and then assembled talking points for the informational meeting with the Ute Business Committee and the meeting with BIA. I included the topics Cindy had on her agendas, erring on the side of inclusivity so we can cut at will.

Thanks,

Jody
